☹ 0.....1.....2.....3.....4.....5..... ☺

40 6

Food quality :

☹ 0.....1.....2.....3.....4.....5..... ☺

6 40

4. Did the meeting meet your expectations?

☹ 0.....1.....2.....3.....4.....5..... ☺

6 40

5. What thing didn't you like the most?

Your comment: 4 people questioned the conditions of the hotel - too small room

6. What was the biggest surprise?

Your comment: All participants drew attention to the high level of organization of the meeting in Poland, a very efficient conduct of the trips. 35 people have been very satisfied with the visit to the fishery for trout and organic farm of Mr. Martin Luks. The vast majority of participants / 41 persons / very liked the Polish kitchen. 7 people drew attention to the high level of organic food crops in Poland.

7. What did you like the most during the mobility?

Your comment: many participants / 30 / meetings drew attention to a very large variety of destinations, especially the cultivation of mushrooms. Half the participants / 23 / satisfied with the organization of the meeting and a kitchen. Almost all participants / 44 / drew attention to the sensational atmosphere during project work and weather :-)

8. What would you add to make the future meeting more varied and interesting?

Your comment: The vast majority of attendees / 36 / drew attention to the need for activities in mixed international groups. I really enjoyed everything volatility translators and their professional service. Such variability / day another translator / serves to increase the attention. Several participants / 9 / proposed that in future only the students were occupied with preparing the presentation, while praising the current level of their performance.

9. Will you ever come back to Poland?

Your comment: All participants of the meeting expressed a desire to return to our country :-)

10. What thing will you remember the most from the trip to Poland and why?

Your comment: most of the participants / 40 / very positively assessed the proposed conditions / accommodation and meals. Several participants / 5 / was made in memory of a visit to the company growing mushrooms, which was a complete novelty, like the cultivation of asparagus.

Your opinion about Polish mobility: all participants of the meeting expressed here thanks addressed to the organizers of the project meeting m.in for standing at a high level presentations and the way they are conducted.

Analysis and conclusions

Interpretation of the results of the evaluation was made during a teleconference project coordinators on 14 June 2014.

It was agreed that the next project meeting in Slovakia should be prepared with the following conclusions:

- Will reduce the intensity of project work during the day for the quality - give participants more time to work on puzzles - presentations,
- Further engage pupils / students in translating materials into the project,
- Engage young people in work in mixed international groups for increasing involvement in the work of all participants and the deepening of integration,
- Improve communication between coordinators during the implementation of the tasks of local / exchange of experience and timeliness of tasks /.
