## **Analysis and conclusions**

Interpretation of the results of the evaluation was made during a teleconference project coordinators on 24 April 2015.

It was agreed that the next project meeting in Romania should be prepared with the following conclusions:

- Even more we reduce the intensity of project work during the day for the quality - give participants more time to work on puzzles - presentations,
- To arrange a longer meeting coordinators to summarize the implementation of project tasks for the final report.
- Engage youth in the work of the complement fotodocumantation on the website of the project.
